

LIBERTY BONDS LOST BY 7,563

Many Owners Will Not Recover, According to Treasury Officials.

Between 12,000 and 13,000 Liberty and Victory bonds valued at hundreds of thousands of dollars have been lost or destroyed or stolen, according to estimates compiled by the Treasury Department. The latest official figures showed 7,563 persons lost bonds. Of these, 6,088 were holders of coupon bonds.

Owners of such bonds have little chance to recover them, as there is no means of identification. Owners of registered bonds who make prompt report of losses have an excellent chance to recover them, as the finder or thief can easily be detected when he tries to sell the bond.

The tendency of persons to secrete bonds in their homes, especially in cupboards, closets and chests, where they are exposed to theft and fire, instead of depositing them in banks, is given as the principal cause of loss. Where coupon bonds are burned, it is often impossible to produce sufficient proof of the facts to enable the owner to recover.

Treasury officials are urging holders of coupon bonds to exchange them for registered bonds as promptly as possible.

That Dollar

There's a dollar bill lurking in your pocket that you have no use for. Not that it isn't as good as anybody else's dollar or won't buy a hundred cents' worth, but because it just naturally disappears. It simply goes—you don't know where.

THAT dollar can be put to work just like all other good dollars. Put it into one of these diamonds and watch it work for you. It's all you need—just THAT dollar each week and the diamond is yours. You'll never miss the dollar, but you'll like the diamond, once you see it.

A WEEK

Because we offer such liberal terms; because we give the folks who aren't "millionaires" a chance to enjoy the pleasures of fine jewelry without crippling their pocketbooks—some people have taken it for granted that our prices are necessarily higher than CASH prices.

We want to deny this EMPHATICALLY. When you consider that there are fifty years of honest merchandising back of everything we sell; that we are the largest credit jewelers in the world, you'll at least agree that our business has not been built on "air." We claim that it is our VALUES that have placed us where we are today; that our values will stand the acid test of comparison today just as they have during the last half century. And we're here with our jewelry to prove it whenever you say.

Aged, Wrinkled Faces Easily Rejuvenated

An aged face is often only a mask to a comparatively youthful person. Rejuvenation is a countenance young and fair to look upon. It's a simple matter to remove the mask. Ordinary mercerized wax, to be had at any drug store, gradually absorbs the worn-out surface skin; in a week or two the user has the loveliest pinky white complexion imaginable. As a course of the wax usually is sufficient to complete the transformation, it is put on at night like cold cream and taken off in the morning with warm water.

This remarkable treatment is invariably effective, no matter how muddy, sallow or discolored the complexion. Freckles, moles, patches, liver spots, pimples, blackheads and other cutaneous blemishes naturally vanish with the discarded skin.

To remove wrinkles and flabbiness, here is a recipe that cannot be too highly recommended: Powdered azoite, one ounce; dissolved in witch hazel, one-half pint. Use as a wash lotion.—Advertisement.

Going home to turkey and trimmin's

THANKSGIVING DAY last year.

I ATE my share,
ALONE in the big town.
AND THE TURKEY was all
NEATLY VARNISHED and had
NICE LITTLE paper pants
ON BOTH its legs.
AND TASTED strongly,
LIKE NOTHING at all
BUT THIS year,
MAN ALIVE, I'm going home,
AND THERE will be
A COUNTRY turkey,
DONE TO a turn.
BROWN AND savory,
CRISP AND flaky.
SENDING UP little clouds
OF TANTALIZING steam.
MAKING NOSTRILS wrinkle
AND PALATES quiver.
OH BOY, real turkey.
AND THEN afterwards,
ABLE TO breathe
BUT NOT to bend.
I'LL REACH for a smoke.
THAT'S THE real turkey, too.
COSTLY AROMATIC Turkish.
BLENDED WITH the best
OF MELLOW Domestic leaf.
AND ONCE again—oh boy,
CAN'T YOU just hear me
INFORMING THE world,
"THEY SATISFY."

IT'S real Turkish tobacco that goes into Chesterfields—really grown in Turkey and bought on the ground by our own buyers. To blend it with best Domestic, in the exclusive Chesterfield way—leave that to us! "They Satisfy!" We'll leave that to you.
